

## Professional Development Update to the ESD 112 Clock Hour Process

ESD 112 is now using a paperless system called pdEnroller for the registration and processing of clock hour credit. To register for courses, you will need to create an account or log in to your existing account through the Professional Learning link provided on the ESD 112 website.

Upon completion of the course and once your attendance has been verified, you will receive an email from ESD 112 (see example below).

### Enroller

You can now complete the Clock Hours evaluation (3.00) for Mixtures and Solutions - 5th Grade.
